THE MINISTER OF STATE IN THE MINISTRY OF RURAL DEVELOPMENT (SHRI CHANDRA SEKHAR SAHU): (a) to (e) No representations has been received from NGOs in this Ministry to amend the Land Acquisition Act, 1894. However, some demands on those lines have been made in the public comments received on the draft National Rehabilitation Policy-2006 when that draft was placed in the public domains. Wide-ranging consultations have been held by this Ministry in revising the National Policy on Resettlement & Rehabilitation for Project Affected Families-2003. Also, a meeting with a group of people from outside the Government who have been actively involved in rehabilitation matters, was held by this Ministry. The proposed objectives of the new draft policy are to minimize displacement and to promote, as far as possible, non-displacing or least displacing alternatives, ensure adequate rehabilitation packages and expeditious implementation of the rehabilitation process with the active participation of the displaced persons. Necessary amendments to Land Acquisition Act, 1894 to bring in fonformity with the National Rehabilitation policy are also being examined. However, the matter is not yet finalised.
